Department of Planning and Development

D. M. Sugimura, Director

**CITY OF SEATTLE
ANALYSIS AND DECISION OF THE DIRECTOR OF
THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

Application Number: 3009936
Applicant Name: Victor Solomon
Address of Proposal: 1627 23rd Avenue

SUMMARY OF PROPOSED ACTION

Land Use Application to subdivide one parcel into six unit lots (unit lot subdivision). The construction of residential units has been approved under Project #6119864. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

The following approval is required:

Short Subdivision - to create six unit lots. (Chapter 23.24, Seattle Municipal Code).

SEPA DETERMINATION: ☒ Exempt ☐ DNS ☐ MDNS ☐ EIS
☐ DNS with conditions
☐ DNS involving non-exempt grading or demolition, or
involving another agency with jurisdiction.

BACKGROUND DATA

Site & Area Description

Zoning: Residential Small Lot/Tandem Cottage (RSL/TC).

Uses on Site: One single family residence.

Substantive Site Characteristics:

This 9,491.1 square foot subject site (the “parent lot”) is rectangular in shape and is a through lot that is located in the Central neighborhood of Seattle. The subject site has approximately 60.01-feet of street frontage on 22nd Ave. and has approximately 60-feet of street frontage on 23rd Ave. The site is also located between E. Olive St. and E. Pine St. 22nd Ave. is a 70-ft. wide two lane

paved street with sidewalks, curbs and gutters on both sides of the street. 23rd Ave. is a 70-ft. wide four lane paved Arterial street with sidewalks, curbs and gutters on both sides of the street. Access to the site is from 22nd Ave. The existing structures are to be legally removed prior to separate sale and/or transfer of ownership.

The site is located within an area zoned Residential Small Lot/Tandem Cottage zone (RSL/TC). The area adjacent to the subject site to the north, east, south and west are also zoned Residential Small Lot/Tandem Cottage zone. The site is relatively flat and is not located in a designated environmentally critical area.

Proposal Description

The applicant proposes to subdivide one approximately 9,491.1 square foot parcel (the “parent lot”) into six unit lots with the following lot areas: Unit Lot A) 2,073.3 sq. ft., Unit Lot B) 2,523.8 sq. ft., Unit Lot C) 1,320.4 sq. ft. Unit Lot D) 1,376.7 sq. ft. Unit Lot E) 1,117.0 sq. ft., and Unit Lot F) 1,079.9 sq. ft. in an RSL/TC zone. Surface parking for six Unit Lots is provided, in the west approximately 2,280 square feet of lot area, via an ingress, egress and Parking easement. Project includes a Pedestrian and Common Open Space Easement. Vehicular access to parking will be provided via 22nd Avenue.

A Permit for the demolition of an existing single family residence (**#6150702**) and the construction of two, 2-unit townhouse structures and two single family residences has been reviewed and approved under (**#6119864**).

Public Comments

One written comment letter was received during the comment period that ended on February 18th, 2009.

ANALYSIS – UNIT LOT SUBDIVISION

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following (applicable) criteria to determine whether to grant condition or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions, as modified by this chapter;*
2. *Adequacy of access for pedestrians, vehicles, utilities and fire protection, as provided in Section 23.53.005, Access to lots, and Section 23.53.006, Pedestrian access and circulation;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Whether the proposed division of land is designed to maximize the retention of existing trees.*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single family housing, and*

8. *Conformance to the provisions of Section 23.24.046, Multiple single-family dwelling units on a single-family lot, when the short subdivision is for the purpose of creating two (2) or more lots from one (1) lot with more than one (1) existing single-family dwelling unit.*

Summary - Short Subdivision

Based on information provided by the applicant, referral comments from DPD, Water (SWD), Fire Department (SFD), Seattle City Light, and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision. Detailed discussion of Criterion # 7 follows below.

The lots to be created by this unit lot subdivision will meet all minimum standards or applicable exceptions set forth in the Land Use Code, and are consistent with applicable development standards. As conditioned, this unit lot subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply (**Water Availability Certificate ID No. 20090071**), and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposed plat maximizes the retention of existing trees. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

ANALYSIS –UNIT LOT SUBDIVISION (CRITERION #7)

Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*
- C. *Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. *Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*

- E. Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by an easement on the plat, as recorded with the Director of King County Development of Records and Elections.*
- F. The fact that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.*

Summary - Unit Lot Subdivision

Review of this application shows that the proposed unit lot subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. The proposed development is six single-family residential dwellings. The structures, as reviewed under separate building permits, conform to the development standards of the time the permit application was vested. To assure that future owners have constructive notice that additional development may be limited; the applicant will be required to add a note to the face of the plat that reads as follows: include the following on the face of the plat: "The lots created by unit lot subdivision are not separate building lots. Additional development on any individual lot in this unit lot subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code." A joint use and maintenance agreement will be required as conditioned at the end of this decision.

DECISION – UNIT LOT SUBDIVISION

The proposed Unit Lot Subdivision is **CONDITIONALLY GRANTED.**

CONDITIONS – UNIT LOT SUBDIVISION

Conditions of Approval Prior to Recording

The owner(s) and/or responsible party(s) shall:

1. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. Lot areas shall be shown on the plat. All existing structures, principal and accessory, shall be shown on the face of the plat, and their distances to the proposed property lines dimensioned.
2. Submit the final recording forms for approval and any necessary fees.

3. Add the conditions of approval after recording on the face of the plat or on a separate page. If the conditions are on a separate page, insert on the plat "For conditions of approval after recording see page ____ of ____."
4. Add the following note to the face of the plat: "*The unit lots created by this unit lot subdivision are not separate buildable lots. Additional development on these unit lots in this unit lot subdivision may be limited as a result of the application of development standards to their parent lot pursuant to applicable provisions of the Seattle Land Use Code.*"
5. Provide a joint maintenance and responsibility agreement for all pedestrian and utility easements.
6. Include any required easement description provided by Seattle City Light on the face of the final plat and in the legal descriptions of the affected Unit Lots.
7. On the face of the plat, provide for an address sign, for the benefit of all Unit Lots, at a location visible from 22nd Avenue and provide an easement, covenant, or other legal agreement to allow for proper address signage.

Prior to Issuance of any Building Permit

The owner(s) and/or responsible party(s) shall:

8. The owner(s) and/or responsible party(s) shall attach a copy of the recorded short subdivision to all permit application plans for any application for a permit to construct, demolish, or change use.
